Re: *Aurelius Capital Master, Ltd. v. Republic of Argentina*, No. 16-628 (and consolidated cases)

Dear Ms. O'Hagan Wolfe:

Appellants NML Capital et al. and Appellee the Republic of Argentina respectfully submit this joint letter to update the Court regarding the parties' availability for oral argument in the above-captioned matter. Undersigned counsel have conferred with the other Appellants and counsel supporting Appellees regarding their availability for oral argument.

All Appellants who intend to present oral argument are available on April 5th and 6th. Appellee Republic of Argentina and the interested parties that intend to file briefs in support of Argentina and present oral argument (EM Ltd. et al. and the "Euro Bondholders" group) are also available on April 5th or 6th. Although we are cognizant of the need to schedule this case expeditiously and the difficulty of coordinating the Judges' availability with that of counsel for all parties, we hope this update assists the Court's scheduling decision, and we would respectfully request that the Court schedule argument on April 5th or 6th, if possible.

Please do not hesitate to contact either one of us should you have any questions.

Respectfully submitted,

s/Matthew D. McGill
