20 January 2014

| The following is a statement by Yukiya Amano, Director General of the International Atomic Energy Agency (IAEA):

"I have reported today to the Board of Governors the status, as of 20 January 2014, of Iran's nuclear programme in relation to the *Joint Plan of Action* agreed between the E3/EU+3 and Iran on 24 November 2013.

"I am pleased to note that the implementation of the *Joint Plan of Action* has started today. This is an important development.

"The IAEA is ready to undertake monitoring and verification in relation to the nuclear-related measures set out in the *Joint Plan of Action*. For this purpose, I have requested the convening of a Board of Governors meeting later this week to seek its endorsement."
